

Are you protected in the event of a golfing accident?

As a golfer you could be liable for golf shots that cause injury. Statistics compiled by Golfplan Insurance show that more than 12,000 golfing accidents occur annually of which over 3,500 accidents involve head injuries.

Golfplan policyholders benefit from a unique package of essential insurance benefits including £5 million public liability cover to third parties for bodily injury whilst playing or practicing golf at a golfing venue anywhere worldwide.

Is your equipment covered for theft loss or damage?

Today Golfplan covers more than £60 million of golf equipment. Our policies have been designed specifically to meet the demands of today's golfers and to provide real value through comprehensive cover; we combine this with experienced, knowledgeable staff. Golfplan has been the Official Supplier of Professional Golfers' Association (PGA) since 1996; we can provide an in-house claims replacement service provided by a network of more than 2,000 PGA Golf Professionals.

What to do now:

Our policyholders gain from a unique package of essential insurance benefits that no other golf insurer provides, go online to compare: www.golfplan.co.uk/policy_comparison.asp
